Teaching the Bible '21

DESCRIPTION

Wakelet is a content curation platform useful for collecting all facets of internet information in an easy to access site

INSTRUCTIONS FOR IN-PERSON TEACHING

- Access wakelet for learners to compile ideas
- Using the expanse of the internet, keep search results together by copy/pasting onto the wakelet
- At the end of the lesson, share Qr code with learners for access to all learning materials

INSTRUCTIONS FOR VIRTUAL TEACHING

- At the beginning of the class, introduce the wakelet as the guide to the lesson
- While in share screen, use information in wakelet to guide Bible Lesson
- Share QR code at the end of the lesson for further study and use of resources
- Allow time for virtual screen sharing

IDEAS FOR USING THIS METHOD

- Wakelet can be used for following lesson plan with teacher
- Wakelet can be used for learners to add during a lesson
- Wakelet can be used for individual compilation to share or use
- This method provides sources for deeper follow up to accommodate asynchronous learning, prepare wakelet and distribute QR code
