DESCRIPTION

A Ted-Ed talk is a short 15-18 minute presentation on a topic of interest. This technique helps students learn to present engaging material, scaffold ideas with examples and use research source material

INSTRUCTIONS FOR IN-PERSON TEACHING

Discuss Ted-Ed talks, show example videos

Show list of topics

Introduce sources materials (books, websites, etc.)

Have students pick topics

Have students work on presentations

Have students present presentations after a given time or on a future date

As students present topics, have discussions over topics

INSTRUCTIONS FOR VIRTUAL TEACHING

Discuss Ted-Ed talks, show examples over zoom or similar platform

Show list of topics

Show potential places online to find sources

Have students pick topics

Have students work on presentations

Have students present presentations on a date in future

As students present on topics, have discussions over topics

IDEAS FOR USING THIS METHOD

- Youth groups
- Confirmands/Baptismal candidates/Catuchemens
- Topic groups (Scriptural themes)
- Christian Discipleship
- Missional study groups
- Theological topics
